1. I am teaching My people how to learn. I am teaching My people how to learn at My knee, how to learn in My presence, how to receive from Me, how to receive Me from and through other people.

I am teaching My people, I am teaching My people how to learn, how to—off high dives—leap into My arms in faith and trust completely in Me. I love you and give you praise for sincerity taught, for meekness caught, for blessing My people. I love you.

2. I give you praise. I give you honor. I delight in giving My people praise and honor. I delight in touching them, coming to them in glory and honor and power. Meekness-ing I am My people so they can receive from Me, and honor each other, learn from each other, learn what I have given each other, learn and share and synergize together, coming to each other in respect and honor and glory, covering each other's faults, looking over the past, looking over their shoulder not to criticize and complain but to create, create, create together.

3. Value systems of only Me, value systems of My heart arise, My value system, My operating system, My system which creates and constricts not, complains not, but forgives and lets mercy flow.

4. Discern, discern, discern, John 7:24 (1), yes, of Me. See Me and discern. I love you.

5. I give you praise as now you praise My people who seek Me, who need Me, who want Me, who are open to Me and the new things I am doing.

6. And the people that think I am doing not a new thing, let them alone and let them enjoy what they have and merciful be. I let them remain at My knee in whatever manner they choose, but I choose now to arise all the arisable, leadershipping them by the power of My spirit, the power of My word, the power of My words flowing into them, through them—river be—constricting Me not, letting Me flow, letting Me fly, and coming with Me so that we fly together. I love you.

7. Orthodoxy so open, charismania so open, cults, Ted, so open; the authentic, seeking. All who are not seeking authentic-ness—authenticity and truth—few Ted.

8. There be those, there will always be those, lifting up themselves high, them being the most high in their own eyes. But I come and I call and I elevate My meek ones, ones

lowly and acquainted with the man of sorrows, Me. I give and I require much and where much is given, much is required. I love you.

9. Meekness, tenderness, learning, sharing all together, one, Ted, yet all things in common, one, Me.

10. One language, the release of God the Father, the power of the spirit, My life everlasting and eternal in them, filling them completely and each one around them.

11. Value systems of only Me arise, arise in joy and laughter, power, power, POWERFUL power. That's why such meekness is required, required, pre-requisite Ted, pre-requisite reader, hearer, lover of My soul, lover of My life, lover of My words, My heart pouring forth on you now. My heart pouring forth over you covering you, covering you as the dew covers the earth and so much more penetrating, nothing impenetrable. I love you. I love you Ted.

12. I love you reader, hearer, listener. I love you and I give you praise for every moment you have been open to Me. Every moment, every "now" second that you open to Me and My spirit. I love you, I honor you. Honor My people, honor each other, honor My words, forsake not the bringing up of you upon My knee with Me in My quarters, valuing My words, lifting each other, creating and complaining not, value systems of only Me.

13. Can I be plainer? Shall I be plainer? Catch Me, see Me, mount Me, ride with Me on My steeds of glory and grace, with lovers who are generals, freedom makers, creators of only Me, generation systems of only Me. I love you. I give you Me.

14. I give you praise, I give you honor, and you give My students praise and honor and glorify them that they may glorify Me in the midst of the vow and every person, organization, and circumstance that exists.

Ride high, walk tall, and bow before each one, honoring each one, each one of you honoring each other.

15. More, more, I call for more, more I give you, more I call for. I give you honor, I call for more honor between you. I call for more love, I call for more patience, I call for more joy, exchange your joy, exchange your peace.

16. Create with only Me, create with each other, create, create and complain not, constrict not yourself with your own words setting forth boundaries, delineations which beat you so harshly in what you are trying to do—mantle-rattling accusations flowing from your lips—helping people, situations and circumstances, of which you knew not their hearts, know not their hearts, and cannot judge accurately.

17. Judge by the spirit, judge by Me. See Me, John 7:24, judge righteously by the spirit only. Know no man after the flesh (2) is right, Ted. Stephen is right. Stephen comes, a giant in Me. I love you, I love him, I love My families unafraid of Me, I love My people willing to create, and constrict only their complaints, choking their weeds which they plant in their own gardens.

18. Oh my, shall I be plainer? Shall I be more plain? Can I say it in less words more concisely? Do you want My pearls, My truth in just little one sentence nuggets, or will you come and will you mine My words, mine My heart, plumb My depths, and realize I want to give you every thing I have—all of Me, all of My authority, all of My kingship, and invite you to sit on My throne with Me, with Me, being Me, being Me, being Me in the earth to each other—My hand revealed, My skin, My outer layer, My inner layer, My power, meekness'd in the earth, flowing River of Life to Me, from Me, through Me, to each other. Flow Me and let Me flow.

19. Constrict not yourself, beat not yourself in masochistic means, boxing yourself in, belittling yourself as you belittle others.

20. Learn, create, cover, contemplate, synergized together, knowing and being known: My family, know and be known, My giants, My generals, My meek and lowly, My back row'd never again, My in shadows never again.

21. Know and be known, and **arise and create in the value systems of only Me**, **in the learning systems I arise**, **and I am arising at light speed, that I have given in these words—mine them, mine them, mind My value systems, My values are so plain**.

Leadership upon leadership, foundation'd on intercessionship where I come and I give and I teach, I correct and I connect, and I relationship and I bring forth My design I have placed in you.

22. Oh, see Me, see Me, hear Me beg, hear Me, see Me kneel before you asking you to invite Me in, asking you to not limit yourself, asking you to let Me give you all that I am, all that I have, and all that I ever will be.

23. See Me, feel Me, feel Me, hear Me, see Me before you, answer My cry this day, please, please, will you please, please, please? I beg of you, listen to Me. The day is short, the time is spent, sun sets in many ways on the timing of many prophecies, many words, many things that the Son of Man has yet to fulfill. Son of man be son of men. Now let Me arise you and fulfill all that I said. I love you.

24. It's all open. I love you. It's all open, Ted, there's nothing closed to the word of My mouth, there is nothing closed to authentic truth, truth of truth which flows from My throne in words of power, grace, beauty, delicacies, colors, hues, generations of only

Me—linking My Mine, linking My words in networks without number—I love you—cellular, yes, so much more, so much deeper, so much more complete.

25. I come and I call and I conquer doubt and fear for those who will in to Me see, in to Me see, see into Me and what I offer, and choose this day whom you will serve, whom you will open to, who you will listen to: the voices which come and call you, fill you full of fear, doubt, unbelief, conscription into their way of thinking? Or possibilities in My kingdom, possibilities in My word, through My word, speaking My word, writing My word, emailing My word, publishing My word, printing My word, replicating My word in constellations, constellation-ized, with the constellation-izeable—those who will not limit Me.

26. I come, I call, I beg you—hear My cry this day. Doubt not these words at what I offer you, what I come, what I choose to do in you, you who want to look at your circumstances, look at where you are, look at where you came from and see that the gap is uncross-able between where you are and what I am saying.

27. Hear Me, and hear Me well, I died for you and My blood covers that gap, My blood covers that gap, My blood is so much more, My blood, MY blood. Hear Me. Hear Me, see Me, feel Me, and know My blood is stronger than anything else. Know that, know that, know that, deeply, deeply know that.

28. I limit you not—toothless wonders, or elite-thought—I love you both. Dregs of society, I love you. Homosexuals, sinners of whatever state you are in, saints of whatever state you think you are in, whatever you think your circumstances are, whatever you think your reasons and heritage is, believe Me, see Me, feel Me, and come to Me and let Me put My robe of royalty on you that comes only through time with Me and purity, purity before Me. Purify yourself and let Me noble-ize for My purposes, arising you in constellations great, with views and horizons and worlds of operation in that you have never seen. I love you.

29. I love My prostitutes, My pimps, My power brokers, controllers and constrictors who out of My life think they are, but not further than My voice, not further than My people, not further than the power of My spirit. I love you and I call you this day. I call you to royalty be, I call you to forsake the ways of control and self-elevation and to follow Me, follow My footsteps, follow My pattern, follow Me. I am there, I am there in love, I am there in life, I am there in meekness, I am there in words, but ever more so in tangible reality right before you.

30. See me and worry not about heretics thought, things you don't understand, misconceptions, thought-contradictions.

31. Oh, come and create with Me, come let My creating power flow through you and the words of My mouth through the words of your mouth, come and let Me call you, let Me touch you, let Me heal you, let Me globalize you this day.

32. Saint not with only saints—I came, I went, I died for the world—elevate not yourself above one the other, no elevation except Me, I Am.

33. I am I Am and I come and I call and I give you My words. Stand and off the high dive come with Me, day after day after day, sharing My heart, sharing My will, sharing My emotions with you, as you do Me. I love you. I intertwine My life with yours. I love you. I give you Me.

34. Where I am freedom is, freedom is nowhere that I am not, I am freedom.

35. Listen to Me and learn of Me and how control systems thought, can operate in organizations that facilitate freedom, operating in value systems of only Me, and maturity and purity and in power that is synergistic beyond imagination, thought.

36. Oh, let Me royal-ize you in My army, in My arms, in My arms, in My arms My army, My arm-ee. I love you.

37. This day I give you Me. More than ever I give you Me. In such power, grace and glory I give you Me.

38. I bow before you, I bend My knee, I submit Me for your choice this day. Choose whom you will serve, who you will open to, who you will listen to, who you will synergize with and create with; and control no one else, not Me, not anyone.

Freedom, freedom I am.
Free with Me reign.
Free with Me create.
Free.
Thank you.
I bless you.

Good Day.
